EDUCATION

Oregon State University

Bachelor of Science in Computer Science, GPA: 4.00/4.00

Corvallis, OR

Expected Graduation: March 2027

Rutgers University

Bachelor of Arts in Psychology, Minor in Music

New Brunswick, NJ

September 2012 – May 2016

SKILLS & CERTIFICATIONS

Languages: Python, SQL, HTML, CSS, JavaScript

Frameworks: Node.js, Express.js, Bootstrap

Developer Tools: Git, GitHub, VS Code, PyCharm, MySQL Workbench

Libraries: pandas

Relevant Coursework: Data Structures & Algorithms, Databases, Operating Systems, Networks

Certifications: CodePath Intermediate Technical Interview Prep (October 2024 – December 2024)

PROJECTS

Restaurant Scheduling App *(In-Progress)*

June 2026 – Present

- Developing a web application to automate employee scheduling and streamline workforce management
- Designing a relational database to manage employee information, schedules, availability, and sales data imported from Square
- Implementing attendance tracking and reporting features to identify trends in employee tardiness, absences, and scheduling reliability, enabling more informed staffing decisions

Library Database App | *Node.js, Express.js, MySQL, Bootstrap, HTML, JavaScript*

March 2026 – July 2026

- Developed a full-stack library management web application using Node.js, Express.js, MySQL, and Bootstrap
- Designed a relational database supporting both one-to-many and many-to-many relationships between entities
- Implemented complete CRUD functionality using SQL queries, stored procedures, and triggers
- Implemented searchable tables to improve management of books, members, authors, genres, and loans

Portfolio Website | *HTML, CSS, JavaScript*

May 2026 – June 2026

- Designed and developed a responsive one-page portfolio website using HTML, CSS, and JavaScript to showcase background and projects
- Implemented section animation effects and styling to enhance user experience on mobile devices
- Integrated a contact form using Web3Forms, a third-party service, and deployed the website using GitHub Pages

EXPERIENCE

Restaurant Owner & Manager

May 2017 – Present

Arizona & Nevada

- Manage daily operations across multiple restaurant locations
- Oversee inventory management, vendor ordering/communication, and payroll
- Hire, onboard, and train new employees
- Create employee schedules and adjust staffing
- Resolve customer and operational issues in a fast-paced environment
- Design logo and brand identity for each location
- Develop and implement marketing strategies to increase sales and customer engagement
- Ensure compliance with health and safety regulations
